## YOUR LEGAL CHAMPION

When you need to plan, we'll be your guide

### Why make a Will?

We all want to ensure that we provide for our loved ones and dependants.

If you are not married and die without making a Will, the law does not automatically recognise partners who have lived together for a considerable number of years.

Do you have children or dependants who may not be able to care for themselves? Without a Will in place there will be uncertainty as to who will provide for and look after them when you die.

# It can be hard to face the future for loved ones

We all want to provide for our dependants, but many people neglect reviewing their affairs and Wills.

It is essential to have a Will because without one in place, the state directs who inherits your estate and your dependants could be left deprived at a time when they are most vulnerable.

Ensure that your wishes are implemented by contacting our Wills, Trust and Tax team who provide a professional and friendly service and who have extensive experience in this area of law.

**GillAkaster LLP** offers a fixed price Will drafting service.

To find out more call our **Wills, Trust and Tax** team on **01752 203500** or visit our website **[www.gillakaster.com](http://www.gillakaster.com)**.

Any one of the team is available to help with any questions you may have.
